

NAACFRC
National African American Child
and Family Research Center

APHA TV Feature

The National African American Child and Family Research Center would like to proudly announce that the center has been featured on APHA TV! We are extremely grateful for this opportunity and excited to expand our community-engaged research to enhance early childhood education and economic mobility for African American families.

Check out the APHA TV full video to learn more about the center below!

● ● ●

APHA Conference

The NAACFRC attended the APHA conference from *October 27th - October 30th*. The center's director, Latrice Rollins moderated the conversation on Public Health Social Work Approaches to Combatting Racism and Other Forms of Oppression. Furthermore, she served as a panelist discussing mentoring and the use of AI.

One of our Community Pilot Project organizations, Brooklyn Perinatal Network, had two presentations at APHA regarding engaging Black fathers in maternal and child health.

2024 Research Capacity Building Webinar Series Spatial Analyses for ACF Programs

Stuck on accessing data geographically?

Join us on **November 13th** at **4:00 p.m. ET** to discuss common uses, challenges, and tips on using spatial analysis. Furthermore, this webinar will explore utilizing geographical information to assess Administration for Child and Families (ACF) programs and outcomes for African American families.

Make sure to register for the webinar with the link below!
